Information

About ATVs, Riders 'N' Commitments to Safety

We understand that riding ATVs (All Terrain Vehicle), is inherently risky. We go to the great length to ensure that every ride is adventurous, educational, fun and of course safe. The following safety standards are observed on every tour; pre-ride safety instruction, safety course orientation, one tour guide-one chaser, support ATVs equipped with first aid kit, tool box, fire-extinguisher, communication devices; mobile phone and walky-talkies. Our ATVs are fully automatic; easiest and safest to ride.

ATVs are not toys, can be hazardous to operate. Always wear the helmet, gloves and ride in responsible manner, respect to the environment as well as all state and local laws.

About Insurance

- Accidental insurance covers only riders and passengers and automatically uncovered for all risky riding.
- There is no insurance for ATVs, participants are required to pay for all the damages of the use of ATVs due to the rider's carelessness and recklessness or violation of the rules and regulations.

Tour includes;

- Protective gear
- Locker
- Cold face-towel
- Drinking water
- Local fruits in season
- Insurance for rider/passenger
- Sandwich and snack are served for those who join ATV tour in Phang-Nga only.
- Lunch is served for those who join ATV tour+Rafting only.

ATVs Specifications

Enjoy fun riding with our mid-sized ATV; Adly ATV 150cc Utility: 4 stroke single cylinder, automatic transmission-dual range CVT, 2WD-chain drive, electric starter, hydraulic disc-brakes (front-rear) fully preload adjustable shocks/suspensions. This ATV is suitable for participants of 8-60 years old, available for single rider or rider with passenger, both inexperienced and experienced riders. (maximum load: 120 kgs)

Q: Why mid-sized ATVs?

A: It is the most recommended size of recreational ATV from our guests since 2002. It is safest and easiest to operate in any flat natural trails-areas; gravel, muddy, jungle and sandy beach.
